

A word of thanks from a parent of a camp scholarship recipient:

Dear DCH Donors,

Let me take a moment to express my sincere gratitude to all past, present, and future donors. Without you, my 11-year-old son would not be able to attend such a stellar summer camp.

I APPRECIATE ALL OF YOU!

As a single, divorced mom with below median income, camp is absolutely essential for my son. In order for me to work, I need to know that he is in a safe environment where he is cared for and has fun and enrichment all summer long. In the years we have spent at DCH, he has been both excited to attend and thoroughly exhausted at the end of a fun-filled day.

While there are other camps in the area, DCH is our home because of the wide array of activities and field trips as well as the strong adult presence at the camp. I specifically remember one Friday at the end of summer during afternoon skits. The children were full of energy, and the counselors were too! Seriously, it was late August and these counselors were still making every second count! I was in awe!

I am forever indebted to you donors not only for making my child feel the pure JOY of attending summer camp at THE BEST camp around, but for giving me the opportunity to work and provide for my son.

Thank you for all you do!

[REDACTED]

(single working mom of a summer camper scholarship recipient)
