

Science Specialist - Dedham Community House Summer Camp

The Dedham Community House Summer Day Camp has been in operation since the 1920's. Located right in the heart of Dedham Square, we serve more than 450 children each summer with a variety of activities including swimming, archery, sports, drama, science and much more!

The DCH Summer Day Camp is looking for a qualified and enthusiastic person to serve as Science Specialist for the upcoming camp season. The ideal candidate will be outgoing, friendly, organized and creative. Prior science experience and camp experience are preferred. The Science Specialist will plan and lead daily science activities for children ages 5 - 11. The position is seasonal, full-time for 11 weeks from June 18th through August 31st with a day of training and orientation prior to the start of camp.

Please direct all applications and/or resumes to:
